Miss H Setchell, Head Teacher

13th September 2017;

Dear Parents,

As you are aware we are incredibly proud of the pupils in this school. Their enthusiasm, joy of learning and willingness to engage with staff is something that inspires us all.

We strive to continue improving all aspects of school life and know that we need to carry on challenging each other to ensure that our children get the best outcomes. The children are at the heart of all school work at Green Meadow.

Before the summer holiday, the school had an Ofsted Inspection (12th and 13th July 2017) and the report will be published tomorrow. The report can be accessed via the Ofsted website <http://reports.ofsted.gov.uk>

The July 2017 Ofsted report is also available to you via our school website or you may request a paper copy at the school office.

The report highlights a number of school strengths:

- Pupils are well behaved and show consideration and care for each other.
- Children make a good start in Reception. Teaching is well matched to their needs.
- The teaching of phonics is good and pupils make progress in reading.
- The promotion of pupils' spiritual, moral, social and cultural development.
- Governors are highly ambitious for the school and provide good levels of challenge and support for leaders.

We also have areas that need to improve and for that reason Ofsted has said that the school, at this moment, requires improvement (RI). The school continues to work to develop in line with the national assessment changes. These next steps will secure provision which is consistently good. The school strives to improve and this will continue in a planned and timely way. Developments will be shared with you during the year ahead.

Your encouragement during the week of Ofsted and your continued support is greatly appreciated. Together, we can continue to move forward and develop successfully.

Please contact me via the school office if you would like any further information.

Yours sincerely,

Helen Setchell
