

## What do people say about support for SEND at GMPS?

Green Meadow Primary School provides an excellent SEN service for any child needing extra support with their learning both at school and at home. Its comprehensive assessment and monitoring procedures ensure that every child is 'accounted' for and given personalised targets to work towards. No child is 'lost under the radar'. Our son has received encouragement, praise, patience and appropriate intervention.

Mrs Cross (SENCO) is very approachable, caring and positive about every child's potential to succeed. Her passion and knowledge is clearly evident in the way she approaches the broad spectrum of Special Educational Needs and Disabilities. Children with SEND are encouraged to feel motivated, confident and valuable. Our son has gained great confidence whilst at school and is responding beautifully to the strategies that have been put in place to ensure maximum personal progress.

The individual learning plans are well thought out, detailed and skilfully highlight assets and areas of requirement. It clearly shows what makes our son 'tick' and how best to facilitate his learning. We look forward to seeing how he progresses with each termly review!

Communication between school and home is helpful and consistent. As parents we have been reassured by the frequency in which information has been shared from both Mrs Cross and the class teacher. The teachers and teaching assistants involved with our son have an expert and competent way of making him feel more positive about this learning and tackling the things he finds difficult.

Green Meadow is, quite simply, one of the best schools I have ever worked with in delivering creative packages of support for children with additional needs. The ethos, professionalism and level of commitment shown by staff in doing the best for every child at Green Meadow and engaging with parents is outstanding.
